

# CLINTON COUNTY GIS COMMITTEE MEETING MINUTES

March 12, 2019 – 5:15 PM

A regular meeting of the Clinton County GIS Committee was called to order on Tuesday, March 12, 2019 at 5:15 PM.

Roll Call: Chairman Craig Taylor, Rafael Him, Bob Fix, Brad Knolhoff, and Jay Donnelly

Motion to approve minutes by Rafael, seconded by Craig. Approved.

No expenses were submitted to the committee.

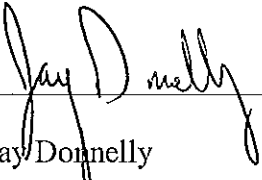

The committee held a discussion on GIS funding. The recorded documents have trended down since 2013 and this has impacted the GIS funding. Past surpluses have funded data collection and aerial imagery projects. Fewer funds are now available for these endeavors. A graph was handed out showing the GIS funding from 2013 to 2018.

A topographic map of the county farm was distributed to review drainage. It was discussed that the highway department would fix the issue.

The GIS Coordinator advised the committee that he wrote 5 easements for the highway department for right of way along Stolletown Road.

The GIS Coordinator worked on subdivisions, enterprise zone, addresses, mapping variances, and mapping building permits this past month. Most of the Census Bureau work has been completed.

The next meeting date is April 9 at 5:15 PM. Motion to adjourn by Craig, seconded by Rafael. Approved. Meeting adjourned at 5:45 PM.
